EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech	Indian Institute of Technology Jodhpur	6.93	2020-24
Senior Secondary	Kendriya Vidyalaya No.2 Sagar	84.60%	2019
Secondary	Christ Convent School Rehli	89.30%	2017

EXPERIENCE

- Medront** July 2024 - Present
Product Management Intern Remote
 - Built and enhanced the company data page, ensuring 99.9% data accuracy and improving data retrieval speed by 30%. Added advanced filtering and visualization features, increasing user engagement by 20
 - Worked on optimizing the design and functionality of the checkout page to improve user experience and streamline the payment process.
- Black Tulip** May 2022 - June 2022
Web Development Intern Remote
 - Developed and implemented a cutting-edge frontend solution using HTML, CSS, Bootstrap, and React; optimized website performance resulting in a 40% decrease in page load time and a 25% increase in user engagement metrics.

PROJECTS

- Employee Payroll Management System** Feb 2024- March 2024
SQL, Excel, Power BI, Trend Analysis
 - Engineered a Container Database (CDB) paired with a Pluggable Database (PDB), implementing user-based access controls for over 200 users to guarantee secure data management tailored to specific areas of interest.
 - Constructed relational, inline, and materialized views to enhance data accessibility; facilitated critical business insights by supporting decision-making processes for three departments during the project duration.
- Costco Sales Analysis** Dec 2023- Jan 2024
Excel, Pivot Table, VLOOKUP, SUMIF, Visualisation
 - Created visual representations using multi-layered charts that highlighted key performance indicators, leading to the identification of three critical trends influencing customer purchasing behavior within a two-month period.
- Credit Card Approval** Nov 2023- Dec 2023
Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
 - Designed a comprehensive predictive analytics solution that incorporated mean imputation for missing numerical values alongside mode imputation for categorical variables; streamlined processes led to reducing data preparation time by 30 hours per project cycle.
 - Developed a predictive model assessing credit card approval likelihood based on factors such as age, gender, income level, and existing debt; achieved an accuracy improvement of 15% through systematic data preprocessing techniques.

TECHNICAL SKILLS

- Programming:** Python, C/C++, SQL.
- Tools:** Tableau, Power BI, , Data Analytics.
- Tools/Frameworks:** Pandas, Numpy, Scikit-learn, Matplotlib.

COURSEWORK

- Investment Banking
- Money Banking and Financial Markets
- Database Management Systems
- Operating Systems

POSITIONS OF RESPONSIBILITY

- President**, Chemical Department, IIT Jodhpur
- Informal Head**, Varchas & Aaftaab, IIT Jodhpur

ACHIEVEMENTS

- Qualified JEE Advanced 2020**, Ranking in the top 0.1% of candidates, and secured admission to IIT Jodhpur.
- Gold Medal**, Technical Quiz in the Annual Technical Fest ,Prometeo,IIT Jodhpur.
